### *Diversified Business Model Helped Staffing Agency Grow During Recession and Jobless Recovery*

**Mt. Laurel, N.J. (June 16, 2010)** -- Contemporary Staffing Solutions™ (CSS), a national provider of innovative staffing solutions, revolutionary service and excellent results, was ranked 15th among South Jersey's 25 Fastest Growing Privately Held Companies, according to the Philadelphia Business Journal. The ranking is based on revenue growth from 2007 to 2009. This is the third time in the company's 16-year history to receive this recognition.

"This award acknowledges our efforts to expand and diversify the services we offer and the clients we serve, which has enabled us to grow 61 percent during a period of economic upheaval and record high unemployment," said Sharon Tsao, chief financial officer at CSS.

"Vendor management services that we initiated about four years ago, along with our commercial staffing, helped us overcome a slowdown in technical and direct hiring. We have also focused our growth on accounting and finance, human resources and paralegal staffing," said Steve Pearson, chief operating officer at CSS.

"Since the company's inception, CSS has handled more than 21,000 successful placements in 26 states," noted Mike Pearson, president, adding that CSS has offices in New Jersey, Pennsylvania, Delaware and Florida.

According to the Philadelphia Business Journal, in announcing the winners, the Top 25

"demonstrated tremendous resilience in the face of historic headwinds, making their region more successful by increasing sales and staff over the past three years." To qualify, companies had to have demonstrated growth from 2007 to 2009, with one-year revenues of at least \$75,000. Nominees were vetted and ranked by administrators of the Rohrer College of Business at Rowan University.

The South Jersey awards region includes Camden, Burlington, Gloucester, Ocean, Cumberland and Cape May counties.
